

On May 10, 2018 the Worth County Sheriff's Office will be teaching bicycle safety at the Northwood-Kensett Elementary School in Northwood to grades K-6. This will be the 5th year of teaching bicycle safety to the students. Through the last 5 years the Worth County Sheriff's office has raised money to help provide safety equipment and new bicycles to some of the students. If you are interested in donating to the bicycle safety program and helping provide to the safety of our children riding bicycles and scooters you can contact the Worth County Sheriff's Office and ask for Deputy Dennis Paulson or Civil Clerk Margie Butler. You can donate year round to this cause as well.
